## Allmänt

SUE-listan identifierar materiel som är inköpt som subutbytesenheter. Överordnad UE är angiven med referens till adress i aktuell UHP-M. För de SUE som har någon form av förebyggande underhåll anges referens till adress i respektive UHP-M där underhållet finns angivet.

PDS FU databas kommer fortlöpande att uppdateras då nya reparationsföreskrifter tas fram.

<sup>1)</sup> Med anledning av underhållsavslut på vissa enheter i UHP-M har åtgärd för ingående SUE ändrats till "Kasseras/Reparation utföres ej".

Ändrade adresser har markerats med en streckrad och nyttillkomna adresser har markerats med en asteriskrad under adressen.
